

Clues on How to Evaluate a Man by Maniga M. Otep

~Why Do You Think it is said that: A Good Partner is Better than a Good College?~
(Goals, Vision, Plans, Actions) + (Capability & Willingness)

I. Ask four Questions (Goals, Vision, Plans, Actions)

The questions that a Wise Black Queen should ask are:

1. does this man have definite concrete **GOALS**?
2. Does he have a **VISION** for his life and his family?
3. Is he making actual **PLANS** to achieve his goals?
4. Has he began implementing his plans and actually working towards these goals?

-ie. **ACTIONS**

IF Answers are YES and u are in line with his **Goals, Vision, Plans & Actions**, then that's a man with a mission & represents the type of brother The God & Queen should want to embrace as her King, Protector & Lord

II. Ask is he Capable & Willing to do these four things:

1. Populate – adopt, have, raise, take care of children
2. Educate – in this order – self, wife, children, family & society
3. Provide – (The 7essentials) – food, clothing, shelter, love, education, inspiration& hope
4. Defend – ur physical, ur mental & spiritual

III. *Shortcut* no need to ask just OBSERVE!!!

~This is a common but **CONTROVERSIAL** approach because **YOUR MAN** might already be “**TAKEN**”~

LOOK, no need to ASK, Just LOOK - is he already a **PROVEN COMMODITY**-- married, committed, fathering, taking care of business, etc.

~if a Man is worth **KEEPING** then guess what – He’s worth **SHARING**.

***PLEASE note: this is not an invitation to STEAL another Queen’s MAN.**

*Please take special care not to LOOK *so much* on how he is treating YOU but on how he is **TREATING** his **CURRENT WIFE**, because after a while if your relationship is successful then you will **ALSO** be his wife!

SEE how he treats her, LISTEN how he talks about her and to her, SEE how he treats **HER CHILDREN** –is the treatment a tolerable & appropriate expression of Loving Leadership? **-yes, then MakeLove & MakeFamily**

BONUS

How To SHARE because ***STEALING** is wrong ☺

Research Polygyny by talking to Muslims, Nuwapians, Israelites, Africans, Afrocentrists and your Blackpower Elders.

*Read the book: “Afrocentric Polygyny”

Conclusion:

Have u ever seen otherwise successful people with the wrong partnership?

A poor choice in partnership can bring you to **ECONOMIC** ruin, **ACADEMIC** ruin, **PHYSICAL** ruin & **SPIRITUAL** ruin.

You have worked hard to gain your success. Incorporate the Science of Mating into your life and make a coordinated and strategic effort to secure for yourself a good mate & teach our daughters how to do the same. Leave as little up to chance as possible :)

The T.V. shows are already programming yt’s counterproductive values into our minds and yt’s debased mating standards -guided by **Fun, Freedom, Frivolity, & Cuteness**- leading to the degradation of our BlackFamilies and Communities, as we adopt yt’s decrepit concepts of **LOVE, Family & Success**. **BlackLove** is Supreme & Fearless. **BlackLove, BlackFamily & BlackRoots**.
