

Rules

~BlackLove, BlackRoots & BlackFamily~

Optional rules that make the game faster by making you more fiscally sensitive (ie. Broke):

1. You start with no money
2. You get your first money by going around the board and by getting money from chance or community chest
3. Until you have gone around the board TWICE, you do not have to pay any fines, fees or anything.
4. PROPERTY can only be purchased when you have gone around the board TWICE.
5. If you get sent to jail before going around TWICE -you must go to jail... but you are only visiting... so you are free to go after the other players... (ie. on your NEXT turn).

~ALL OTHER TRADITIONAL RULES APPLY~
